Centre Hall Satellite - 2481 General Potter Hwy, Centre Hall, PA 16829 814-364-1630

Sun, sun, sun, here it comes!!

We hope you are planning exciting outdoor adventures, possibly including your pet, this summer. Always remember to take the precautions required by heat, sun, and plenty of greenery. This can be a beautiful time to enjoy nature, take some time away from work or school, and welcome some relaxation into your life. We are grateful for your continued support and participation in our events. On behalf of all the animals whose lives you improve, we thank you!

AWC Board of Directors and Allegheny Spay and Neuter Clinic Staff

Do you receive this newsletter in your mail box and not your inbox? If you share your e-mail address, you can further help us by saving paper and postage. Please call the clinic at 814-857-5280 or send a message on our Facebook page to give us your e-mail. We promise not to clutter your inbox or share your information. Thank you.

Educational Opportunities

One of the main goals of the AWC is to be a resource and provide information and education to the community about pet care. Whether it's working with a group of 4H teens to discuss the need for spay/neuter, speaking to a group of adults in the community about Lyme Disease, or working with area youth to help lessen the frequency of dog bites, there are individuals available to speak to your group about animals and their care. To arrange for a speaker to come to your group, call the Allegheny Spay and Neuter Clinic at 857-5280.

2018 Tee Shirt Contest Winners

We extend a huge thank-you to everyone who participated in the tee shirt contest this year. We had plenty of great designs! This year's winners are: Shane Cavello, Jensen Duke, Makenzie Thompson, and Hannah Stiner.

Adoptable Pets

The following animals are staying at the **Clearfield County SPCA** and looking for a great home! Please call them at **765-2220** if this might be you.

Meet Dolly

Pet ID: 37717553

Breed: Labrador retriever mix
Gender: spayed female

Age: 5 yrs.
Size: medium

Color: black/white

Dolly came in as an owner surrender because her owner had a change in their lifestyle. She is a five year old Labrador Retriever mix. She gets along well with other animals and children. Dolly is a sweet girl who likes to go out for walks and run and play in our play yard. Stop out and spend some time with her as she waits for a new home here with us!!

Meet Yoggie

Pet ID: 38306605

Breed: mastiff mix

Age: 1 yr.

Color: tan

Gender: neutered male

Size: medium

Well hello there! My name is Yoggie, I am a ten month old Mastiff mix. I was brought in because my owner was no longer able to care for me. I absolutely love to run and play! Sit, well of course I will sit for you. I also know how to lay down and come when I am told and "out". Unfortunately I would do best in a home without cats, but I have never interacted with other dogs, so if you have another dog I would have to see for myself whether I like it or not. I am a very large boy and I do love kids, but sometimes I can play a little rough with them. If you think I might be the right dog for your home please stop out and spend some time with me. While you're here you might as well rub my belly and chest and ear or just my whole body, I would really enjoy that!!

Meet José

Pet ID: 37869681

Breed: domestic short hair

Age: 4 yrs.

Color: grey/white

Gender: neutered male

Size: small

José came to us as a stray from the Curwensville Boro area. He has a very distinctive mustache which sets him apart from the rest! José really enjoys playing with toys, mainly his toy mice! He is a very fun boy with a great personality. Stop by the shelter today and meet this handsome boy as he waits for a furrever home here with us!

Meet Susan

Pet ID: 37958739

Breed: domestic short hair

Age: 4 yrs.

Color: white/grey

Gender: spayed female

Size: small

Susan came to us as a stray from the Woodward Twp area. She is a young and sweet little girl. Susan enjoys being perched on top of cat towers looking outside at the birds. If you're an avid bird watcher, Susan will gladly watch them with you! She is a playful cat who also loves to get pets whenever she can! Stop by the shelter today and meet Susan as she awaits that perfect furrever home here with us!

Fleas and ticks and mites, oh my!!

It is hard to emphasize enough the importance of a monthly flea and tick preventative. Even animals that never leave your house or yard are potential victims for parasites. The most reliable and effective plan for prevention is to use a quality product monthly. Here is a summary of just a few veterinary-approved products, all of which are available at the clinic.

DOGS

Frontline Gold

- ☀ safe for dogs 8 weeks and older
- ☀ kills fleas (eggs, larvae, and adults)
- ☀ kills ticks (including deer ticks)
- ☀ no bathing or swimming for 48 hours post-application

Nexgard

- ☀ safe for dogs 8 weeks and older and 4 lbs. and up
- ☀ kills fleas
- ☀ kills ticks (including deer ticks)

CATS

Frontline Gold

- ☀ safe for cats 8 weeks and older
- ☀ kills fleas (eggs, larvae, and adults)
- ☀ kills ticks (including deer ticks)
- ☀ no bathing or swimming for 48 hours post-application

Revolution

(by prescription only)

- ☀ safe for cats 8 weeks and older
- ☀ kills fleas (eggs and adults)
- ☀ prevention of heartworm disease
- ☀ treatment of ear mites
- ☀ kills roundworms and hookworms
- ☀ no bathing or swimming for 2 hours post-application
